B737 700 Maintenance Program Documents

Scheduled maintenance program improvements. Improved maintenance documents and training. Airplane design improvements. During the planning stages of the 737-600/-700/-800/-900 program, a basic design philosophy was followed known as value-added technology.

Aero 15 - 737-600/-700/-800/-900 Maintenance Costs

Southwest grounds 34 B737-700s after issue with maintenance docs. One of the largest U.S. carriers, Southwest Airlines, grounded 34 Boeing 737-700 aircraft on Thanksgiving eve after discovering shortcoming in maintenance documents. The airline claims the grounding and inspections that followed were voluntary and had minimal effect on operations. After discovering that maintenance paperwork of some of its second-hand aircraft did not comply with the Federal Aviation Administration (FAA ...

737 Flight Crew Operations Manual Airplane General ...

Whilst it is impractical to have a 7 year old aircraft in new condition, the accepted compromise is that a heavy maintenance program be completed before handback. With the typical high utilisation of a low cost carrier this equates to a P48 check which has a maintenance interval of 24,000 flight hours (FH). Such a check used to be known as a ...

737 Heavy Maintenance - The Boeing 737 Technical Site

The Boeing 737 Next Generation (737 NG) is an example of such an aircraft, developed to demand less maintenance, as compared to previous versions of the Boeing 737 series. This 737 NG aircraft has a Maintenance Planning Data (MPD) document that is based on the Maintenance Steering Group (MSG)-3 philosophy.
