Cswip Welding Inspector Interview Questions

Welder Performance Qualification (WPQ) is also known as Welder Qualification Test (WQT) or Performance Qualification. It is a very basic but one of the most important steps before assigning a job to the welder.. The welder qualification test (WQT) is performed to determine the skill of a welder or in other words, we can say the performance qualification is carried out to check whether the ...

Welder Qualification Test (Performance ... - Welding and NDT

Nondestructive Testing (NDT) consists of a variety of non-invasive inspection techniques used to evaluate material properties, components, or entire process units. The techniques can also be utilized to detect, characterize, or measure the presence of damage mechanisms (e.g. corrosion or cracks).NDT is also commonly referred to as nondestructive examination (NDE), nondestructive evaluation ...
