Why is EASA participating in the Revolution in Simulation (Rev-Sim)? Since our origins as part of the CFX group, we saw how frequently companies wanted to be able to eliminate the need for all users to be a CFD expert in order to safely run a fluid flow simulation model. The development of EASA was a natural response.

The UK will continue to recognise any Part-TCO issued EASA for a period of up to two years from the day of the UK's Exit from the EU, or until that approval is replaced with a UK equivalent. The CAA's acceptance of an EASA TCO will be dependent upon that approval continuing to be valid for operations within the ECAA for all aircraft that it is intended to operate in the UK.
