Straw-Man Process Flow | Editable Flowchart Template on ...
The straw man is an important tool for McKinsey-style problem solving. It is a draft version of the solution that a team can debate, argue, pick apart, and improve or discard. When using a straw man it's important to present it as a rough draft, not over-invest time and effort, and avoid pride of ownership. The straw man can also help you keep your McKinsey boss happy - more on that later...

Working With McKinsey: The Straw Man - An Important Tool ...
In this example, Bob is using a strawman, when he distorts Alex's original stance in order to make it easier to attack. Specifically, while Alex proposes that the company should spend a bigger portion of their budget on customer support, Bob attacks the idea that the company should spend all of their budget on customer support, which is a different, much more extreme stance (i.e. a strawman).

Strawman Arguments: What They Are and How to Counter Them ...
The Straw Man Proposal is a McKinsey method for problem solving. Because this method is often applied to solve customer problems with a more structured approach, the McKinsey consulting firm developed it over the course of several years. Within companies, ...

What is a Straw Man Proposal? Definition, example ...
The term straw man first appears in 1585-95 to refer to something that is insubstantial. This is considered an analogy to a scarecrow stuffed with straw that is designed to look like a man without the substantial elements of a human such as a brain. An 1897 definition of "man of straw" reads "The figure of a man formed of an old suit of clothes stuffed with straw; hence, the mere resemblance ...

Example 2. A straw man argument also can highlight the actions of minority made by the opposition argument. For example: Argument made by opposition: Since cycling is a very viable mode of transportation, bicycle infrastructure should be expanded.. Straw man argument: If bike lanes are built, cyclists get an opportunity to run red lights and endanger pedestrians.

Straw Man Argument: Definitions and Examples - EnkiVillage
A straw man (sometimes written as strawman, also sometimes straw dog) is a form of argument and an informal fallacy of having the impression of refuting an argument, whereas the proper idea of argument under discussion was not addressed or properly refuted. One who engages in this fallacy is said to be "attacking a straw man". The typical straw man argument creates the illusion of having ...

Straw man - Wikipedia
In business, something (an idea, or plan, usually) set up to be knocked down. It's the dangerous philosophy of presenting one mediocre idea, so that the listener will make the choice of the better idea which follows.

Urban Dictionary: straw dog
Designing the page layouts for a new or redesigned intranet can be complex. One of the most difficult aspects is creating the first layout. Starting with an empty screen, you need to determine what will go on each page and where it will go.

Using a "strawman" for page layout design

Introduction to Strawman Models. New projects often exist in a realm of ambiguity. Even if there is extensive documentation, while it helps, it is hard to be certain that we, as business analysts, have all of the right information to start working towards deriving requirements.

Requirements Gathering Using Strawman Models
Straw Man Examples . A fallacy is an argument or belief based on erroneous reasoning. Straw man is one type of logical fallacy. Straw man occurs when someone argues that a person holds a view that is actually not what the other person believes. Instead, it is a distorted version of what the person believes.
