Place Value Through Millions - Lesson Worksheets

I only have the one comma, so I know this number only goes into the thousands. In the thousands, I've got "52", so the 2 is in the thousands place. (The 5 is in the ten-thousands place.) b) The tens place is the second place, just to the left of the 3 in the ones place. There is a 7 in this second place, so the digit in the tens place is 7.
